

Basic Veneering Class (4 sessions)

Location: MPLS MAKE in NE Minneapolis

Instructor: Charlie Kocourek

Cost: \$150

Eventbrite - [Veneer Class Registration](#)

Expand your woodworking skills and the types of projects you make with basic veneering. Veneering is easy and requires a very minimal investment. I am offering a personalized, basic hands-on class. This class is intended for those with little or no experience working with veneer. You will learn how to make a panel with a 2-way book match with mitered framing, and veneered edge banding.

The class will cover the following:

- What is veneer
- Advantages of veneer
- Where to buy veneer
- How to cut veneer and assemble veneer
- Different veneer substrates
- Different veneer glues
- Introduction to book-matching
- How to make, and apply, your own iron on edge banding
- Repairing Veneer
- Introduction to flattening veneer
- How to make and use a simple jig to cut very narrow strips of veneer

Included:

- I will provide veneer, practice panels, and glue. I will also bring veneer saws, glue rollers and veneer tape. Optionally, saws, glue rollers, and veneer tape will be available for purchase.

Required - Please bring the following items to class:

- A utility knife. Fixed blade, non-retractable knives are preferable, but retractable knives are ok, too.
- A cutting mat. Any plastic cutting mat will work
- A 2" wide straightedge that is 18" - 36" long. Note: a 48" straightedge is too unwieldy for this class. (Tip: you can cut a 48" into two nice size straightedges)
- A roll of blue masking tape.

More information about veneering tools is available on my website: www.jack-bench.com/my-tools/

Details:

- Class times are 6:30 - 8:30 pm
- Classes will be for 4 consecutive Mondays at Mpls. MAKE beginning on January 14, and ending on February 4th.
- Class location is MPLS MAKE, 3757 3rd Street Northeast, Minneapolis, MN 55421
- Cost is \$150

Registration: Register through Eventbrite.com. Search under "Kocourek."
